LUIGI AMARILLO

About Me

I am a 4th-year Bachelor of Science in Information Technology student specializing in Web and Mobile Application. Seeking a Web Development or UI/UX Design internship to complete a 600-hour academic requirement. Eager to transition academic knowledge into professional skills and contribute creative and innovative functional solutions to your team.

EDUCATION

Manuel S. Enverga University Foundation
Bachelor of Science in Information Technology - Web & Mobile Application
2022-2026

SKILLS

- Web Development
- UI Principles
- Graphic Designing
- Time Management
- Problem-Solving
- Collaboration

EXPERIENCE

- **Freelance**

  Led end-to-end commissioned projects (web, system development, and layout designs), managing everything from the initial client meeting to final delivery. Boosted efficiency and met simultaneous deadlines by utilizing a personally developed project management system for task prioritization and organizational discipline.

- **Thesis Capstone Project**

  Developed a full-stack web application using React, Node.js, Express.js, and MongoDB for managing community events, donations, and volunteer activities.

  Role: UI Designer & Front-end Developer
